DELTA Users—Quick Reference Card

About DELTA Users

DELTA is the Department of Behavioral Health and Development Services' (DBHDS) single sign-on and security portal. Anyone who uses DBHDS applications to perform a specific job or function is a DELTA User. Users will have access only to the particular applications and data needed to complete their jobs. Users should contact their agency's DELTA Supervisor to request accounts or request modifications to existing accounts.

Password Tips

- Passwords must have the following password **complexity**:
 1. At least 8 characters in length; and
 2. Utilize at least three of the following four:
 - a. Special characters,
 - b. Alphabetical characters,
 - c. Numerical characters,
 - d. Combination of upper case and lower case letters.
- New passwords cannot be the same as your **previous 24 passwords**.
- A password can be **changed** using Forgot Password or Change Password **at most, once per 24 hours**.
- **Passwords expire every 90 days**. Delta will display a notification each time you log in for 14 days prior to password expiration.
- After **three invalid attempts** of supplying your password or security answer, you will be **locked out** of Delta. Contact a Security Officer at your location (or the Global Admin at DBHDS) to unlock your account.
- If you forgot both your password and your security answer, contact a Security Officer at your location (or the Global Admin at DBHDS) and request an **Administrative Account Reset**. When the reset is completed, you will receive an email with a temporary password. You will be asked to change your password and your security question and answer when you login to Delta.
